Re: Notice of File Closure for Small Mining Project, Claim Stake Mining, Grant #1 and #2,
S/041/023, Sevier County, Utah

Dear Mr. Hilyard:

This letter is to notify you that the Division file, S/041/023, for the Grant #1 and #2 small mining project, located in Sections 10 and 15, T21S, R1E, Sevier County, Utah, will now be closed.

We received notification from the BLM that they recently inspected the project area (August 2000) and found the surface reclamation was satisfactory. The BLM subsequently closed out their case file for this project. As your project is located on BLM managed lands, the Division will accept the BLM's recommendation and also close our file for this project accordingly.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. You are not required to pay the \$100.00 permit fee for the 2000 fiscal year as recently requested. We have also notified the Utah Office of Debt Collections that we will forgive the past years permit fees and to please take your company name off the collections listing. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, and receive written approval(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310. Thank you for completing the required reclamation on this project.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
